AUTHORIZATION TO TREAT AND INFORMED CONSENT

General. I, the below-signed patient/individuals, have read this document and Care Plan in their entirety and understand the potential benefits and risks of the Care which you are recommending. I understand that there may be other forms of care which I may wish or need to seek provided by other health care practitioners. I also understand that there may be significant risks of not seeking any care for my condition.

I understand that while the Care Plan lists you as the “Rendering Provider,” at any moment, other associates or staff in your office with appropriate scopes of practice and training may need to provide the Recommended Care based on factors which are not necessarily within anyone’s ability to predict. You have made it clear that every health care practitioner who is licensed under state law may have different scopes of practice relating diagnoses and treatment and that the licenses of the primary Rendering Provider are listed below.

I do not expect you to be able to anticipate and explain all risks and complications, or forms of treatment, and I wish to rely on you to exercise judgment within your scope of practice during the course of the Care Plan which you feel at the time based upon the facts known is in my best interest. I understand that in rare cases, underlying physical defects, deformities or pathologies may render me susceptible to injury. It is my responsibility to make known before and throughout the Care whether I am suffering from any latent pathological defects, illnesses, or deformities that would otherwise not come to your attention, as well as any pathological defects, illnesses, or deformities I may be experiencing.

I, the undersigned, do hereby authorize Southern Chiropractic to perform such exam and treatment as they deem necessary per my condition. I affirm that all of the information that I have given pertaining to my current health status is truthful and accurate to the best of my knowledge. Possible Risks of the Care; Alternatives

Chiropractic manipulation / adjustment. As with any healthcare procedure, I understand that there are certain complications, which may arise during chiropractic adjustment, and that those complications include, but not limited to, muscle soreness, fractures, disc injuries, dislocations, muscle strain, sprains, strokes, and increased symptoms and pain or no improvement of symptoms or pain. I further acknowledge that no guarantees or assurances have been made to me concerning the results intended from the treatment.

X-Rays. I have been advised that x-rays can be hazardous to an unborn child. To the best of my knowledge. I am not pregnant.

Other Potential Alternatives. I understand that other treatment options for my condition may include: Self-administered, over-the-counter analgesics and rest; medical care with prescription drugs such as anti-inflammatories, muscle relaxants and painkillers; hospitalization with traction; and surgery.

Contraindications to Manipulation / Adjustment. I understand that you will not give me an adjustment / manipulation, x-rays, modalities, or therapies if you feel that such are contraindicated. In the event that the Care does not include such procedures, I have discussed all contraindications with you and fully understand them.
